HAWKER-BETTS REAL ESTATE TEAM

Located on the sunny side of the Bow Valley corridor, Silvertip Resort offers residents a tranquil escape from the town's bustling activity while remaining quickly connected to Canmore and Banff National Park by both roadways and a paved walking/biking trail system.

Nestled within the resort is a collection of custom homesites only nature could inspire. The views from each, breathtaking. Lush natural foliage engulfs each property: views, that will lift your spirits and inspire you year after year. Best of all, personal space has been kept paramount-owners are wonderfully close to nature, yet well apart from each other, enjoying unparalleled privacy in this stunning Rocky Mountain Wilderness.

Silvertip is one of nature's most spectacular creations, a resort community like no other on earth. It has taken vision to prepare. Over the past decade, every measure has been taken to bring comfort, quality and world-class golf to the Rocky Mountain paradise, while maintaining a firm commitment to respect the natural environment.
